SUBJECT: WETINGHOUSE RESPONSE TO NRC INSPECTION REPORT NO.  
05200006/2010-202 AND NOTICE OF VIOLATION

Dear Mr. Sisk:

Thank you for your August 13, 2010, letter in response to the Notice of Violation (NOV) that was discussed in the subject U.S. Nuclear Regulatory Commission (NRC) Inspection Report (IR). In your letter, you summarized the corrective actions taken in response to the three violations cited in the NOV.

While reviewing the corrective actions, we also had the benefit of reviewing additional documentation supporting your corrective actions during an audit on August 25, 2010, at your Twinbrook Offices in Rockville, Maryland.

Based upon the results of this audit and the information provided to us in your response we find that the corrective actions taken were responsive to the NOV documented in IR 05200006/2010-202. We have no further questions or comments at this time. We may, during a future NRC staff inspection, perform additional reviews of the implementation of your corrective actions to determine whether full compliance has been achieved and maintained.

Please contact Mr. Jeffrey Jacobson at (301) 415-2977 or via electronic mail at Jeffrey.Jacobson@nrc.gov, if you have any questions or need assistance regarding this matter.

Sincerely,
