

Comanche Peak Nuclear Power Plant Units 3 & 4 Combined License Application Part 5 – Emergency Plan

Explanatory notes regarding the Emergency Plan and Supplemental Information

The Comanche Peak Nuclear Power Plant Units 3 & 4 Combined License Application Emergency Plan consists of the basic plan and eight appendices. The basic plan follows the format of NUREG-0654 and provides detailed information regarding each of the sixteen Planning Standards and associated Evaluation Criteria. The eight appendices that follow provide additional detailed information on various aspects of the Emergency Plan. Supplemental information includes the detailed evacuation time estimate report and state and local government, and other emergency planning documents. These emergency planning documents include versions of state and local plans that were current when the COLA was assembled. The following table delineates documents included as the Emergency Plan and those documents submitted as Supplemental Information. Emergency Planning Inspections, Test, Analyses, and Acceptance Criteria (ITAAC) are included in Part 10 of the COLA.

Emergency Plan

Table A8-2 NUREG-0654 Crosswalk to COL Emergency Plan, State, and Local Emergency Plans in Appendix 8 was revised due to new state and local procedures.

Basic Plan Comanche Peak Nuclear Power Plant Units 3 & 4 Combined License Application Emergency Plan
Appendix 1 Emergency Action Levels
Appendix 2 Radiological Assessment and Monitoring
Appendix 3 Public Alert and Notification System
Appendix 4 Evacuation Time Estimate
Appendix 5 Emergency Plan Implementing Procedures - Topical List
Appendix 6 Emergency Equipment and Supplies
Appendix 7 Certification Letters
Appendix 8 Cross-Reference to Regulations, Guidance, and State and Local Plans

SUPPLEMENTAL INFORMATION

EP Supplement Folder files remain the same as COLA Revision 1 with the exception of the ETE and the Squaw Creek Park Emergency Plan. The ETE was revised based on questions raised during the NRC review. The Squaw Creek Park Emergency Plan was revised after the park and lake were re-opened to limited public access.
