To whom it may concern:

Pursuant to the provisions of the Freedom of Information Act, I hereby request a copy of each NRC OIG Management Deficiency Report. This is a noncommercial request for research and study purposes and it falls into the fee category "all other requesters". I prefer to receive records on a CD-ROM rather than in paper. I agree to pay up to \$35 if necessary.

You may limit your search to Management Deficiency Reports produced during the past ten years.

You may exclude Management Deficiency Reports already published on the public website, if any.

Please communicate with me by either ordinary U.S. Mail (no signatures required) or else by email.

Sincerely,

Michael Ravnitzky
