PURPOSE: To gather state representative comments for the revision to NUREG/BR-0204. Comments received will be incorporated in a draft document that will be issued for public comment at a later date.

CATEGORY*: This is a Category 2 Meeting. At this type of meeting, the NRC anticipates that the public will obtain factual information and provide the agency with feedback on the analysis of the issues, alternatives, and/or decisions. The NRC staff also encourages the submission of written comments on the matters to be discussed. Those comments may be submitted to www.regulation.gov under Project No. 0800.
