Subject: Another FOIA Request

FOIA REQUEST
Case No: 2013-0324
Date Rec'd: 08/12/13
Specialist: Dennis
Status: *[unclear]*

Dear Mary Jean Raphael

Thanks for attached screen shot.

Keeping on Shunsuke Kondo document at hand, I would like to file another FOIA request. Now, I am searching for **all the document written from January 1, 2013 to August 1, 2013, which includes words both ' Toshiba ' and ' 4s ' in its text .**

(As far as trying to find out your searching box following instruction, none documents were found out on this issue.)

For your reference and/or convinience, Toshiba 4s is a small designed reactor.

I'm afraid it is like the scholar teaches his master, to say something on NRC stuff on nuclear technology, but please see the link below if needed.

http://en.wikipedia.org/wiki/Toshiba_4S

Best regards.

Takanori Eto
