RESPONSE TO FREEDOM OF INFORMATION

ACT (FOIA) / PI	RIVACY ACT (PA) REQUEST	2011 /2012	<b>2011</b> 1 4 2014			
PART II.A APPLICABLE EXEMPTIONS  Records subject to the request that are described in the enclosed Appendices are being withheld in their entirety or in part under the Exemption No.(s) of the PA and/or the FOIA as indicated below (5 U.S.C. 552a and/or 5 U.S.C. 552(b)).						
Exemption 1: The wit	hheld information is properly classified pursuant to E	xecutive Order 12958.				
Exemption 2: The wit	thheld information relates solely to the internal persol	nnel rules and practices of NR	C.			
Exemption 3: The withheld information is specifically exempted from public disclosure by statute indicated.  Sections 141-145 of the Atomic Energy Act, which prohibits the disclosure of Restricted Data or Formerly Restricted Data (42 U.S.C. 2161-2165).  Section 147 of the Atomic Energy Act, which prohibits the disclosure of Unclassified Safeguards Information (42 U.S.C. 2167).  41 U.S.C., Section 4702(b), prohibits the disclosure of contractor proposals in the possession and control of an executive agency to any person under section 552 of Title 5, U.S.C. (the FOIA), except when incorporated into the contract between the agency and the submitter of the proposal.  Exemption 4: The withheld information is a trade secret or commercial or financial information that is being withheld for the reason(s) indicated.  The information is considered to be confidential business (proprietary) information.  The information is considered to be proprietary because it concerns a licensee's or applicant's physical protection or material control and accounting program for special nuclear material pursuant to 10 CFR 2.390(d)(1).  The information was submitted by a foreign source and received in confidence pursuant to 10 CFR 2.390(d)(2).  Disclosure will harm an identifiable private or governmental interest.						
Exemption 5: The withheld information consists of interagency or intraagency records that are not available through discovery during litigation. Applicable privileges:  Deliberative process: Disclosure of predecisional information would tend to inhibit the open and frank exchange of ideas essential to the deliberative process. Where records are withheld in their entirety, the facts are inextricably intertwined with the predecisional information. There also are no reasonably segregable factual portions because the release of the facts would permit an indirect inquiry into the predecisional process of the agency.  Attorney work-product privilege. (Documents prepared by an attorney in contemplation of litigation)						
Attorney-client privilege. (Confidential communications between an attorney and his/her client)  Exemption 6: The withheld information is exempted from public disclosure because its disclosure would result in a clearly unwarranted invasion of personal privacy.  Exemption 7: The withheld information consists of records compiled for law enforcement purposes and is being withheld for the reason(s) indicated.						
<ul> <li>(A) Disclosure could reasonably be expected to interfere with an enforcement proceeding (e.g., it would reveal the scope, direction, and focus of enforcement efforts, and thus could possibly allow recipients to take action to shield potential wrong doing or a violation of NRC requirements from investigators).</li> <li>(C) Disclosure could constitute an unwarranted invasion of personal privacy.</li> <li>(D) The information consists of names of individuals and other information the disclosure of which could reasonably be expected to reveal identities of confidential sources.</li> <li>(E) Disclosure would reveal techniques and procedures for law enforcement investigations or prosecutions, or guidelines that could reasonably be expected to risk circumvention of the law.</li> <li>(F) Disclosure could reasonably be expected to endanger the life or physical safety of an individual.</li> </ul>
