Mark,

This email is a FOIA appeal in accordance with 10 CFR 9.25(j).

On March 10, 2014 I requested one record (see email below). I attached a copy of that record which I had received earlier due to a prior request for a portion of it.

This is an extremely simple FOIA request: one record which was well identified and which was partially processed before. There is no excuse for taking longer than the legally limited 20 working days to provide me this record. I have been waiting for four months.

Responding to the FOIA is not some bureaucratic burden; it's the law of the land. Please have Region IV comply with federal law and provide me the records I seek.

Thank you,
Larry
