DEMAND FOR INFORMATION

I

[Double space from here to end, except single space title of signing official.]

(Name of licensee) (Licensee) holds byproduct materials license No. _____, issued by the Nuclear Regulatory Commission (NRC or Commission) pursuant to 10 CFR Part __. The license was initially issued on (date) and last renewed in its entirety on (date). The license authorizes the Licensee to _____ . The License, originally issued on (date), was renewed on (date), and is due to expire on (date) .

II

[This section should provide a description of relevant events, facts, alleged violations, potentially hazardous conditions, technical or legal reasons that provide the substantive basis for issuing the Demand. The following example is provided as a sample discussion for this section.]

[On (date), the NRC, Region __, received information that _____. In response to this information, NRC initiated a special safety inspection (investigation) of licensed activities. The inspection (investigation), which is still ongoing, to date has established:

1. _____
2. _____
3. _____

This situation demonstrates a lack of regard for and adherence to procedures and a lack of management control and supervision over licensed activities, and raises a question as to whether the Licensee will in the future provide complete and accurate information to the NRC.]

Therefore, further information is needed to determine whether the Commission can have reasonable assurance that in the future the Licensee will (e.g., provide complete and accurate information to the Commission) and otherwise conduct its activities in accordance with the Commission's requirements.

III

Accordingly, pursuant to sections 161c, 161o, 182 and 186 of the Atomic Energy Act of 1954, as amended, and the Commission's regulations in 10 CFR 2.204 and 10 CFR (e.g., 30.32(b), 40.31(b), 70.22(d), 110.52(b)), in order for the Commission to determine whether your license should be modified, suspended or revoked, or other enforcement action taken to ensure compliance with NRC regulatory

requirements, the Licensee is required to submit to the Director, Office of Enforcement, U.S. Nuclear Regulatory Commission, Washington, DC 20555, within ____ days of the date of this Demand for Information, in writing and under oath or affirmation:

[Specifically list the required information, e.g.:

- A. _____
- B. _____
- C. _____]

Copies also shall be sent to the Assistant General Counsel for Materials Litigation and Enforcement at the same address, and to the Regional Administrator, NRC Region __, (regional address).

After reviewing your response, the NRC will determine whether further action is necessary to ensure compliance with regulatory requirements.

FOR THE NUCLEAR REGULATORY COMMISSION
