

The following Security Advisory (SA) is not publically available because it is marked “Official Use Only – Security-Related Information” and is exempt from public disclosure in accordance with 10 CFR 2.390.

SA-2013-04 (Rev. 1), “National Special Security Event for the 2013 Presidential Inauguration.”

The Nuclear Regulatory Commission (NRC) has issued SA-2013-04 (Rev. 1) on January 14, 2013, to all affected Operating Power Reactor and Independent Spent Fuel Storage Installation licensees in the Washington, D.C. area. Note that the security advisory contains physical security information and is, therefore, being withheld from public disclosure in accordance with 10 CFR 2.390.
