ALL AGREEMENT STATES

OPPORTUNITY TO COMMENT ON DRAFT NRC REGULATORY ISSUE SUMMARY REPORTING TRANSACTIONS INVOLVING TEMPORARY JOB SITES TO THE NATIONAL SOURCE TRACKING SYSTEM (FSME-13-051)

Purpose: To provide the Agreement States with the opportunity to comment on the proposed U.S. Nuclear Regulatory Commission (NRC) Regulatory Issue Summary (RIS) Reporting Transactions Involving Temporary Job Sites to the National Source Tracking System (NSTS).

Background: The issue of reporting requirements associated with transferring nationally tracked sources to a temporary job site is not addressed in the NRC regulations. The issue was addressed in the supplementary information in both the proposed rule and the final rule for the NSTS. The enclosed draft RIS presents clarifying information for the reporting requirements when transferring nationally tracked sources to a temporary job site.

Discussion: Enclosed for your review and comment is the draft RIS that addresses the reporting requirements when a licensee is transferring nationally tracked sources to a temporary job site. We would appreciate receiving your comments within 30 days from the date of this letter.*

* This information request has been approved by OMB 3150-0029, expiration 11/30/2013. The estimated burden per response to comply with this voluntary collection is approximately 8 hours.
