NAICS Code: 541511 -- Custom  
Computer Programming  
Services

## Pre-Solicitation

Solicitation Number:

**31310018R0016**

Response Date:

**Apr 03, 2018 11:00 am Eastern**

**Title:** [VARSKIN Computer Code Support](#)

**Description:** THE U.S. NUCLEAR REGULATORY COMMISSION (NRC) is issuing this Sources Sought Synopsis as a means of conducting market research or as a market survey to determine the availability of potential qualified vendors with the technical capability to provide all management, supervision, code development, administration, and labor for support of the VARSKIN computer code. Specific activities include: VARSKIN and Radiation Protection Computer Code Analysis and Maintenance Program (RAMP) collaboration, computer code (JAVA or other code) updating and management, model development, distribution, training and support services. Services are to be provided to the NRC Office of Nuclear Regulatory Research (RES), in Rockville, Maryland. The applicable North American Industry Classification System (NAICS) code assigned to this procurement is 541511 - Custom Computer Programming Services.

THERE IS NO SOLICITATION AT THIS TIME. This request for sources and vendor information does not constitute a request for proposal; submission of any information in response to this market survey is purely voluntary; the Government assumes no financial responsibility for any costs incurred

**Acquisition Method:** TBD

**Estimated Dollar Range:** TBD

**Place of Performance:** U.S. Nuclear Regulatory Commission, Rockville, Maryland 20852, United States

**Title:** [Verbatim Report Services](#)

**Description:** The contractor shall provide court reporting services for a variety of depositions, hearings, investigations, meetings and oral arguments throughout the United States. These locations include Alaska, Hawaii, Puerto Rico, Guam, any U.S. protectorate; the countries of Canada and Mexico; and the NRC headquarters and OI regional field offices located in Pennsylvania, Georgia, Illinois and Texas. Some of these hearings, depositions or investigations may require the handling of sensitive unclassified

or classified material. It is anticipated that instances requiring the handling of sensitive unclassified or classified material, including safeguards, shall be transcribed at NRC headquarters by the contractor.

The NRC intends to award one contract to the responsible HUBZone Small Business Offeror whose proposal is deemed to represent the best value to the Government, price and other factors considered. Evaluation factors are anticipated to include technical approach, management/staffing plan, past performance information and price. Details will be included in the solicitation.

NAICS Code: 561492 -- Court Reporting and Stenotype Services

Acquisition Method: Small Business - HUBZone

Estimated Dollar Range: TBD

Place of Performance: U.S. Nuclear Regulatory Commission, Rockville, Maryland 20852, United States

Solicitation Number:  
Request\_for\_Information\_for\_Web-Based\_Billing\_Solutions

Response Date:  
Mar 26, 2018 5:00 pm Eastern

NAICS Code: 541519 -- Other Computer Related Services

Title: [Request for Information for Web-Based Billing Solutions](#)

Description: This is a Request for Information (RFI). This RFI is not a request for proposals; therefore, responses to this notice will not be considered offers and cannot be accepted by the Government to form a contract. Parties that respond to this RFI are advised that the NRC will not pay for any information or administrative costs incurred in response to this RFI; all cost associated with responding to this RFI will be solely at the submitting party's expense.

The NRC seeks information to determine the commercial availability and technical capabilities of qualified and responsible sources that are currently capable of providing solutions for the potential requirements described in this RFI. The information that NRC gathers from this RFI and related market research is for planning purposes only and may be used to assist the NRC in planning an acquisition strategy if a new acquisition is deemed appropriate by NRC.

Acquisition Method: TBD

Estimated Dollar Range: TBD

Place of Performance: U.S. Nuclear Regulatory Commission, Rockville, Maryland 20852, United States
