

## **Development of Civil and Electrical Engineering, Electronic Engineering Technology and Civil Engineering Technology**

### **Executive Summary**

The principal objective of this proposal is the development of three (3) new Associate of Science Degree Programs: AS with concentrations in Civil & Electrical Engineering; AS in Electronics Engineering Technology and AS in Civil Engineering Technology. BCC is a primary institution of higher learning for the Blackfeet Nation, and are located on the Blackfeet Indian Reservation. As part of the curriculum development, they will enhance the program base in the fundamental sciences and mathematics by developing and offering an additional course in chemistry, two in physics, and a course in differential equations.
