MINORITY SERVING INSTITUTIONS PROGRAM

I. INTRODUCTION
A. **Background:** The Federal Government recognizes Minority Serving Institutions (MSIs) as valuable resources to the nation. These renowned colleges and universities have either a historic tradition or mandate to serve students in a specific demography and focus on satisfying the needs of minority persons to include social, economic and cultural identities. Three MSIs that fit into this category are: Historically Black Colleges and Universities (HBCUs), Hispanic Serving Institutions (HSIs), and Tribal Colleges and Universities (TCUs). The Federal Government also recognizes these MSIs as important catalysts in the delivery of education to our nation’s minorities and has expressed its commitment to strengthening their capacities through White House education initiatives.

The U.S. Nuclear Regulatory Commission (NRC) is committed to implementing the White House education initiatives directed at HBCUs, HSIs, and TCUs.

B. **Legislative Action:** On August 8, 2005, President Bush signed into law the Energy Policy Act of 2005 (EPA), which authorized NRC to establish and participate in partnership programs with institutions of higher education, including HBCUs, HSIs, and TCUs, to enhance their capacity to train students, including present or potential NRC employees in fields that the NRC deems critical to its mission.

II. **PROGRAM AUTHORITY:**

NRC derives its authority to conduct a Minority Serving Institutions Program (MSIP) from the EPA, Section 651(c) (4), Partnership Programs with Institutions of Higher Education; Section 622, Nuclear Regulatory Commission Scholarship and Fellowship Program; Executive Order (E.O.) 13256, directed towards HBCUs; E.O. 13270, directed towards TCUs; and E.O. 13230, directed towards HSIs.

III. **PROGRAM ADMINISTRATION:**

The Office of Small Business and Civil Rights (SBCR) administers NRC’s MSIP, and implements White House education initiatives and pertinent EPA provisions to ensure MSIs and students and faculty of MSIs have meaningful and equal access to NRC conducted and financially assisted programs and activities.

IV. **PROGRAM INITIATIVES:**

A. **Impact of Legislation:** As a result of EPA Section 651(c) (4), regarding partnership programs with institutions of higher education, NRC is able to participate in activities to include, but not limited to, research, mentoring, instruction, and training with institutions of higher education, including HBCUs, HSIs, and TCUs. NRC is also able to provide more expansive support services to strengthen the capacity of MSIs to educate and train students; and to conduct research in the field of science, engineering, law, information technology, and other fields NRC deems critical to its mission.

B. **Expansion of Initiatives:** SBCR administers NRC’s HBCU initiative, which provides students and faculty internships at Department of Energy (DOE) and
other Federal laboratories. As a result of the EPA, NRC is able to provide financial assistance for a broad range of programs and activities for institutions of higher education, including HBCUs, HSIs, TCUs, and other individuals covered by relevant White House education initiatives.

V. GOALS:

NRC is committed to maximizing internal and external relationships to foster collaborative efforts to develop human capital to its fullest and achieve stability within future workforces by:

A. Developing Work Relationships: Building viable relationships and partnerships for the purpose of implementing quality programs and activities that address the needs of MSIs to develop a diverse and skilled workforce in science, engineering, law, information technology and other fields NRC deems critical to its mission.

B. Unifying Private/Public Sector Partners to Achieve Common Goals: Bridging the divide and combining the efforts of private and public sector partners to achieve the greatest potential for developing high quality MSI educational programs, so that they may provide meaningful access to knowledge, training, and work experiences. Also, enhancing individual talent and increasing the potential pool of job candidates in fields NRC deems critical to its mission.

C. Implementing Quality Services: Promoting delivery of quality programs and activities to MSIs, students and faculty of MSIs and individuals including, but not limited to, minorities, women, individuals with disabilities, persons age 40 and over, and persons with limited English proficiency.

D. Producing a Pool of Skilled Potential Employees: Developing the skills and abilities of individuals in areas NRC deems critical to its mission.

E. Promoting Diversity/Pool of Work-Ready Candidates: Providing a diverse pool of work-ready candidates by ensuring that candidates receive instruction and experience in areas NRC deems critical to its mission.

VI. OBJECTIVES:

NRC provides Federal financial assistance for programs and activities conducted by MSIs, educational institutions, nonprofit and profit organizations, State and local governments, professional organizations, private and public sector organizations and other providers of services for the exchange and transfer of knowledge, ideas, concepts, and skills that will:

A. Increase Recruitment and Retention: Aid MSIs in recruitment, retention, and assisting students to pursue academic and career goals in areas NRC deems critical to its mission.

B. Ensure Availability of Instructional and Training Experiences: Provide students and faculty instruction and learning experiences through exposure to
science, technology, engineering, and mathematics (STEM) related activities, workshops, skills building sessions, special events, orientations, career exploration trips, and outreach activities to enhance career development.
