OFFICE  
ADMINISTRATIVE

Dear Secretary Meserve,

I am writing to ask the Nuclear Regulatory Commission to isolate radioactive wastes and materials and anything they contaminate, no matter what level. The radioactive legacy of atomic weapons and energy production should be isolated from both the public and environment.

As a consumer I do not want to be exposed to such radioactive wastes. The risks to my health are too great. I ~~do not~~ absolutely refuse to be a guinea pig in such a high-risk endeavor.

Sincerely,

Kimberly Keyes Stark
