Subject: Radioactive metals

DOCKETED
USMRC

'99 DEC 22 A9:03

Attn:chairman Richard Meserve: rule-making and adjudications staff.
we wish to protest in the strongest possible terms the proposed sale of
radioactive materials by the nuclear regulatory commission and the
department of energy. The health hazards such action would create would be
disastrous to the public in general and to workers in the steel
manufacturing industry in particular; we look to government agencies to
protect the public good, not to place it in jeopardy. Doug and
paula Turnbull
