> The article in the Atlanta Journal and Constitution must have been
> mistaken. The NRC can not be serious about recycled nuclear waste!. This
> is an outrage and questionable first degree murder. Your waste is your
> problem. I did not vote for nuclear power and I am not voting for your
> answer to its waste. I have never been very politically involved, however,
> I will become involved and I will fight to see that nuclear power (which
> we don't need anyway) and the NRC are like milkmen (merely a memory). See
