**Subject:** Stop re-cycling contaminated materials

DOCKETED  
USAID

'99 DEC 22 P3:37

I'd like to add my voice to those who think it is urgent that there is a halt to the re-cycling of materials that have been contaminated by nuclear wastes. This is obviously an issue that is not well publicized. Now that my consciousness has been raised on what is happening, I will be doing my best to spread the word.
