

DOCKET NUMBER  
PROPOSED RULE **PR 20**  
(64FR35090)

DISPATCH 99  
USING

Dear Staff members,

99 DEC 23 AM 29

No, a thousand times no to your  
unthinkable idea of recycling  
radioactive waste into consumer  
products.

There is no dose that's acceptable  
period!

The devil himself could not have  
come up with a more absurd idea.
