Dear Dr. Cohen:

Thank you for your letter of January 26, 1999, responding to our request for an evaluation and response to the recommendations in the November 30, 1998 revised final report of the Integrated Materials Performance Evaluation Program (IMPEP) review of the New York Agreement State program.

Your responses to the eight recommendations for the portion of the program implemented by the New York City Department of Health are acceptable and we will review these actions during the follow-up review scheduled for April 26-28, 1999. Based on the direction of the Management Review Board, we plan to complete the next full IMPEP review at approximately a four-year interval from the 1998 IMPEP review.

We appreciate the positive actions that you and your staff have taken and are continuing to implement with regard to our comments. I look forward to our agencies continuing to work cooperatively in the future.

Sincerely,
