H. B. Robinson Steam Electric Plant,
Unit No. 2
3581 West Entrance Road
Hartsville, South Carolina 29550

SUBJECT: H. B. ROBINSON STEAM ELECTRIC PLANT UNIT 2 (HBRSEP2) - REQUEST
FOR WITHHOLDING INFORMATION FROM PUBLIC DISCLOSURE (TAC NOS.
MA8086 AND MA8087)

Dear Mr. Young:

By letters dated January 10, 2000, and January 19, 2000, you submitted two separate submittals requesting withholding of personal information. The former submittal contained a request related to notification of change operator status and the latter contained a completed and signed personal qualification statement and the certification of Medical Examination by the Facility Licensee. You marked these as privacy information in the submittal, and requested that they be withheld from public disclosure pursuant to 10 CFR 2.790 of the Commission's regulations.

We have reviewed your request based on the requirements and criteria of 10 CFR 2.790, and have determined that the submitted information sought to be withheld contains privacy information. Therefore, the privacy information so identified by you will be withheld from public disclosure pursuant to 10 CFR 2.790(a)(6) and Section 103(b) of the Atomic Energy Act of 1954, as amended.

Withholding information from public disclosure shall not affect the right, if any, of persons properly and directly concerned to inspect the documents. If the need arises, we may send copies of the information to our consultants working in this area. We will, of course, ensure that the consultants have signed the appropriate agreements for handling proprietary information.

If the basis for withholding this information from public inspection should change in the future, such that the information could then be made available for public inspection, you should promptly notify the NRC. You should also understand that the NRC may have cause to review this determination in the future, such as, if the scope of a Freedom of Information Act request includes your information. If the NRC determines that the information should be made publicly available as a result of future review, you will be notified in advance of any public disclosure.

Sincerely,

/RA/

Ram Subbaratnam, Project Manager, Section 2
Project Directorate II
Division of Licensing Project Management
Office of Nuclear Reactor Regulation

Docket No. 50-261
