* This test should be done from your desk. It takes two (2) people to accomplish this test. The first person initiates the call from a Consumers Energy phone line dialing 7-12-82161 and the second person also calls 7-12-82161 (if calling from a Consumers Energy phone line). The phone will keep ringing until the second person places their phone call. This will activate the conference line. Do the same with 7-12-81970. If the second person calls from an outside line, they must dial 1-517-788-2161 and/or 1-517-788-1970.
