MEMORANDUM TO: Thomas L. King, Director
 Division of Risk Analysis and Applications
 Office of Nuclear Regulatory Research

FROM: Mark A. Cunningham, Chief
 Probabilistic Risk Analysis Branch
 Division of Risk Analysis and Applications
 Office of Nuclear Regulatory Research

SUBJECT: TRANSMITTAL OF THE SUMMARY REPORT FOR THE 15SEP99
 PUBLIC WORKSHOP ON OPTIONS FOR RISK-INFORMED REVISION
 TO 10 CFR PART 50

Attached is a summary report of the public workshop on options for risk-informed revision to 10 CFR Part 50, held in Rockville Maryland, September 15, 1999. This report titled "Summary of Information Presented at an NRC-Sponsored Public Workshop on Options for Risk-Informed Revision to 10 CFR Part 50, September 15, 1999, Rockville, Maryland," was prepared by Sandia National Laboratories (SNL). It summarizes the presentations given during the workshop, and the discussions held during the general discussion session. It also includes the workshop's agenda, the attendance list, and the view graphs used by the NRC as well as the public.

By copy of this memorandum, the report is being placed in the Public Document Room.
