A REGULATION OF THE PROPERTY O

UNITED STATES NUCLEAR REGULATORY COMMISSION

WASHINGTON, D.C. 20555-0001

February 29, 2000

CHAIRMAN

The Honorable Gilbert F. Casellas Chairman Equal Employment Opportunity Commission 1801 L Street, N.W. Washington, D.C. 20507

Dear Mr. Casellas:

Enclosed is the U.S. Nuclear Regulatory Commission's (NRC) "Annual Affirmative Employment Program Accomplishment Report" for Fiscal Year 1999, which was developed in accordance with EEOC's Management Directive No. 714 (MD-714). This Report reflects NRC's affirmative employment accomplishments with respect to recruitment, hiring, career development, and retention of women and minorities.

As reflected in the Report, we have continued our aggressive outreach efforts to recruit highly qualified women and minorities, especially Hispanics who are under-represented in several occupations at the NRC. We have also continued to engage in special efforts to ensure that our downsizing activities do not have a disproportionate adverse impact on women and minorities.

We continue to promote a strong diversity management approach emphasizing equal employment opportunity and full productivity of all NRC employees and applicants for employment. During FY 1999, the agency conducted Managing Diversity awareness and advocacy sessions for managers and supervisors to assist them in understanding their roles, responsibilities, and accountability in the agency's efforts to move toward effective management of a diverse work force. Our Managing Diversity sessions for all employees were initiated in early 2000 and should be complete by the end of calendar year 2000.

We continue to meet the challenges established by the guiding principles, goals, objectives, and actions of the agency's Affirmative Employment Plan for FY 1999-2003, as we move towards a more diverse, efficient, effective, and high-performing organization.

If you have any questions regarding this Report, please contact Mrs. Irene P. Little, Director, Office of Small Business and Civil Rights, at 301-415-7380.

Since rely

ANNUAL AFFIRMATIVE EMPLOYMENT PROGRAM ACCOMPLISHMENT REPORT

SUMMARY ANALYSIS OF WORK FORCE

PROVIDE A NARRATIVE WORK FORCE ANALYSIS USING THE RELEVANT CIVILIAN LABOR FORCE. ANALYZE OCCUPATIONAL CATEGORIES, GRADE GROUPINGS, AND MAJOR OCCUPATIONS.

The following narrative summarizes the analysis of NRC's work force in five major occupations by grades and Professional, Administrative, Technical, Clerical, Other, and Blue Collar (PATCOB) categories.

MAJOR OCCUPATIONS

The NRC's permanent workforce decreased from 2961 in FY 98 to 2832 in FY 99. This reduction of 129(4.3%) employees was absorbed across-the-board and to date has not had a disproportionate adverse impact on the representation of women or minorities. During FY 99, representation of women and minorities increased in number and percentage in PATCOB categories as follows: Professional: White women increased by one (0.56%), African American women increased by six (0.44%), and Hispanic men increased by two(0.18%); Administrative: White women increased by three (1.33%), Hispanic women increased by one (0.19%), Asian Pacific American men increased by one (0.43%), African American women increased by eight (0.64%), Hispanic men increased by one (0.29%), Asian Pacific American women increased by three (0.72%), and Native American men increased by one (0.29%). Although the number of White women increased by eleven, their relative percentage in the clerical category decreased by 2.36%.

The chart on page 7 reflects the change in NRC's workforce from FY 98 to FY 99 by EEO group in five major PATCOB categories. The chart on page 8 reflects the distribution of NRC's workforce in FY 99 by EEO group in the five major PATCOB categories in comparison to the 1990 Census Availability Data (CAD). The chart on page 9, reflects the distribution of NRC's workforce by EEO group in five major occupational series (343, 801, 840, 1301 and 1306) in comparison to the 1990 CAD.
