Subject: Retention of 307 Address on the license		
<p>Summary:</p> <p>Dr. Broeze called to inquire why the facility at 307 College Road East was not removed from the license.</p> <p>Discussed the retention of the 307 College Road East with Dr. Broeze. Informed Dr. Broeze that we had not received a closeout survey from them for the 307 address and that they would need to provide us with this information for our review before the facility at 307 College Road East could be released for unrestricted use. Dr. Broeze said that the RSO, Mr. Hazzard probably had the information contained in the guidelines for the release of the facility. Also informed Dr. Broeze that we would open up a separate action when they provided us with the closeout survey information.</p>
