NUCLEAR POWER STATION GENERATING STATIONS EMERGENCY PLAN  
SITE ANNEX

Dear Mr. Kingsley:

In May and July 1999, Region III received Revisions 4 and 5 to portions of the Braidwood Nuclear Power Station Generating Stations Emergency Plan Site Annex. These revisions were submitted under the provisions of 10 CFR 50.54(q).

Based on your determinations that the changes do not decrease the effectiveness of your Emergency Plan, and that the Plan continues to meet the standards of 10 CFR 50.47(b) and the requirements of Appendix E to Part 50, NRC approval is not required. Our initial review of these changes will be subject to inspection to confirm that they have not decreased the effectiveness of your Emergency Plan.

In accordance with 10 CFR 2.790 of the Commission's regulations, a copy of this letter will be placed in the NRC Public Document Room.

Sincerely,

***/RA by Steve Orth Acting For/***
