U.S. Nuclear Regulatory Commission  
Attention: Document Control Desk  
Washington, DC 20555-0001

Gentlemen:

Subject:

NRC Rule on Property Insurance - 10 CFR 50.54(w)(3)  
Cooper Nuclear Station  
NRC Docket No. 50-298, DPR-46

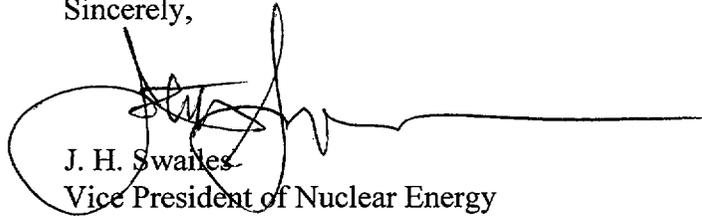

The purpose of this letter is to comply with the property insurance reporting requirements of 10 CFR 50.54(w)(3) on property insurance coverage. The following list provides the required information detailing the property insurance coverage maintained by Nebraska Public Power District (NPPD) and MidAmerican Energy Company (MEC) for Cooper Nuclear Station (CNS) at Brownville, Nebraska.

Type of Coverage	Policy -holder	Policy Number	Insurer	Expiration Date	Amount of Coverage
Primary Nuclear Property Insurance	NPPD	P99-070	NEIL	4/1/00	\$250,000,000 part of \$500,000,000
	MEC	P99-070-2	NEIL	4/1/00	\$250,000,000 part of \$500,000,000
Decontamination Liability, Decommissioning Liability, and Excess Nuclear Property Insurance	NPPD	X99-086	NEIL II	4/1/00	\$1,125,000,000 part of \$2,250,000,000
	MEC	X99-071	NEIL II	4/1/00	\$1,125,000,000 part of \$2,250,000,000
Total					\$2,750,000,000

Under terms of a power sales contract with MEC, NPPD makes available one-half of the production of CNS to MEC with the balance available to the NPPD Electric System. MEC and the NPPD Electric System each pay a proportionate share of the nuclear fuel costs (based on energy actually delivered) plus one-half of other costs of the facility. As a result, MEC is also liable for 50 percent of the decontamination liability posed by operation of CNS.

If you should have any questions or should require any additional information, please contact me.

Sincerely,

J. H. Swales  
Vice President of Nuclear Energy
