Ref.: Notification of Proposed Activities in Non-Agreement State,
State of California Lic. No. 1777-19, Amendment # 77/Timely Renewal

Dear Ms. Hernandez or Ms. Gruszynski:

Please be advised that our technician, Ralph Jacobs, was at the below listed site to checkout rigging requirements, and check for any facility impediments that would need to be addressed for the decommission of their Eberline Instrument Corporation Model 8150-XXXAB Irradiator. Actually what he found was the device to be in a state of deterioration. An immediate servicing is required to stabilize the device to avoid the potential of any radiation exposure if the deterioration continues. Due to the necessary equipment/tools needed to address this issue the earliest that we can perform the service will be Monday February 14, 2000, technicians Ralph Jacobs and Mike Novak.

Location: Walter Reed Army Medical Center, 6825 Sixteenth Street, NW, Washington D.C. The Eberline device contains approximately 49Ci Cs137, performing services Monday 2/14 and Tuesday 2/15 if necessary.

Under separate cover, we shall send our current Radioactive Materials License No. 1777-19, Amendment No. 77.

* This facility is on our list.

If you require additional information, please do not hesitate to contact us.

Very truly yours,

J. L. SHEPHERD & ASSOCIATES

****Job Completed February 14th.....

Lee Weiss
Contract Administrator

* We have just been advised that the location of the Eberline Irradiator is located at the Forest Glen, MD 20907 at the basement of the Reactor Building
