THE BOARD OF SUPERVISORS OF MARIN COUNTY

OFFICE OF THE CLERK

ADJUTANT CLERK

March 27, 2000

DOCKET NUMBER  
PROPOSED RULE **PR 20**  
(64FR35090)

Dr. Richard Meserve  
Chairman  
U.S. Nuclear Reg. Commission  
One White Flint North  
11555 Rockville Pike  
Rockville, Maryland 20852-2738

Dear Dr. Meserve:

It has come to our attention that the Nuclear Regulatory Commission is considering recycling radioactive waste in common, everyday household products. We find this preposterous and alarming.

Given Marin's exceptionally high rate of breast cancer, as well as other broader concerns, you can be certain there is great objection to any recycling of radioactive waste. It is not environmentally friendly. We urge you to do everything with your power as our elected representatives to protect the public from exposure to any radioactive waste in any form. The cumulative effects cannot be calculated. Please keep us informed.

Sincerely,

STEVE KINSEY  
President, Marin County Board of Supervisors
