RE: Federal Register Vol. 65, No. 46 – Wed. March 8, 2000 – Pages 12286-12299
Nuclear Regulatory Commission – Biweekly Notice; Applications and Amendments to Facility
Operating Licenses Involving No Significant Hazards Considerations

Dear Sirs:

In the subject Federal Register notice you have referenced an ASTM Standard that is out of date and has been replaced by a more current version:

D 3803-1989 is now D 3803-91(1998)

We would be happy to provide you with a copy of the most current version and the rationale for the changes if you so wish. Please e-mail me at jbardi@astm.org. Or, you can visit our website at www.astm.org, click on "ASTM Store", click on "Search for Individual Standards", type in the standard number, eg. A 100, click "Search" and you can download the standard for a fee of about \$25.00.

Thank you for your attention to this matter. If you have any questions, please feel free to call. My phone number is 610-832-9595.

Sincerely,

Janice Bardi
Administrative Assistant
