Dear Mr. Chairman:

I am enclosing the Nuclear Regulatory Commission's (NRC's) Fiscal Year 1999 Accountability and Performance Report and our Inspector General's Fiscal Year 1999 Performance Report. These reports were prepared in accordance with the Government Management Reform Act of 1994 and the Government Performance and Results Act of 1993.

In this year's report, we have consolidated the Performance Report required by the Government Performance and Results Act of 1993 and the Annual Report required by the Energy Reorganization Act of 1974. The document describes our success in achieving the goals in the Fiscal Year 1999 Performance Plan and other significant accomplishments over the past fiscal year.

The Commission places a high priority on sound financial management and public accountability. We look forward to working with you to deliver the best possible results for the government and the American people.
