**SUBJECT: NRC INSPECTION REPORT 50-313/99-09; 50-368/99-09**

Dear Mr. Hutchinson:

Thank you for your letter of February 17, 2000, in response to our November 16, 1999, letter concerning your views on the adequacy of the overall materiel condition of both units' service water systems; your actions taken or planned to address service water system degradation; and your actions taken or planned in response to the subject safety system engineering inspection. We have reviewed your response and found it to be informative. Since there are unresolved items remaining from the subject inspection, followup of any questions on your response will be performed during the followup inspection.

Sincerely,

original signed by
