50-2

Dear Mrs. Bennington:

Please correct Approved Route 196-Alt (from Ann Arbor, Michigan to Savannah River Plant, South Carolina) to include the state of Indiana.

Route 196-Alt was originally proposed and reviewed last year for planned shipments of irradiated research reactor fuel. In the course of those reviews, none of us noticed that I-275 west/south around Cincinnati goes through 4 miles of Indiana countryside before reaching Kentucky. We were advised of this fact by the state of Ohio prior to using the route. We promptly included the state of Indiana in all the advance notifications and escort arrangements. We also called your office at that time to verbally inform you of this inadvertent omission.

Enclosed are the documents supporting this change. Enclosure three is separately enveloped since it contains safeguards information.

Please contact me if you have any questions regarding this request.

Sincerely,

Christopher W. Becker
Reactor Laboratory Manager
cwbecker@umich.edu

- Encl:
1. Route 196-Alt mileage summary modified to include Indiana.
 2. Map detail for I-275 in Indiana.
 3. Safe haven information.

- xc:
- Fuel shipment files (Body, Encl. 1,2)
 - Safeguards files (Encl. 3)
