No. 95-150

FOR IMMEDIATE RELEASE  
(Friday, December 8, 1995)

NRC'S ADVISORY COMMITTEE ON NUCLEAR WASTE  
TO MEET DECEMBER 19-21

The Nuclear Regulatory Commission's Advisory Committee on Nuclear Waste (ACNW) has scheduled a technical meeting December 19-21 in Rockville, Maryland.

The meeting, which is open to the public, will begin at 8:30 a.m. each day in Room 2B3, of the NRC Two White Flint North Building at 11545 Rockville Pike.

Although meetings of the ACNW are open, they are not part of the NRC's public hearing process. The ACNW was established by the Commission in March 1988 to advise it on all aspects of nuclear waste management. While anyone may attend the meeting, the committee will consider only oral or written statements arranged in advance and limited to specific matters set forth in a Notice of Meeting published in the Federal Register on December 6.

Discussions scheduled at the meeting include:

- NRC's low-level radioactive waste disposal program.
- National Research/National Academy of Science Committee's report on the technical bases for Yucca Mountain (Nevada) standards.
- Waste-related activities of the International Atomic Energy Agency
- Topics related to NRC's Division of Waste Management programs, including high-level waste and statistical methodology for site decommissioning.
- Future ACNW activities.

Persons wishing to submit a statement regarding an agenda subject may do so by providing a readily reproducible copy to the committee at the beginning of the meeting or by mailing it in

advance to the Executive Director, Advisory Committee on Nuclear Waste, Nuclear Regulatory Commission, Washington, D.C. 20555.

(ACNW schedules are subject to change. Anyone planning to attend should confirm the schedule the day before the meeting by calling 301/415-7360.)

(NOTE TO EDITORS: The use of self-contained tape recorders in the meeting room is permitted during open portions of the meeting when a transcript is being kept. The use of still, motion picture and television cameras--the physical installation and presence of which will not interfere with the course of the meeting--will be permitted both before and after the meeting, during any recess, and, at the discretion of the committee chairman, while the meeting is in session.)
