Gentlemen:

**DOCKET NUMBER 50-483
CALLAWAY PLANT UNIT 1
UNION ELECTRIC CO.
FACILITY OPERATING LICENSE NPF-30
Recording of Emergency Notification System Telephone Conversations**

Union Electric (UE) desires to initiate the practice of recording telephone conversations when utilizing the Emergency Notification System (ENS). Maintaining an accurate record of information provided to the NRC when utilizing the ENS will enhance UE's ability to implement NRC regulations.

UE is not aware of any statutes or regulations, either Federal or the State of Missouri, that prohibit or restrict the use of recording devices. UE does intend to notify NRC personnel when conversations utilizing the ENS are being recorded. Upon request, UE will provide copies of recorded ENS conversations to the NRC.

UE wishes to institute this practice as soon as possible. A response acknowledging this letter is therefore requested no later than 90 days from receipt.

If you have any questions or concerns, please contact Mr. Mark Reidmeyer, Regional Regulatory Affairs Supervisor at 573/676-4306.
