Dear Ms. McLean:

The Division of Radiation Control (DRC) has been working on a number of rulemaking actions which are compatibility items. The purpose of this letter is to transmit to you the final versions of the affected Utah Radiation Control Rules. The final rules are provided in WordPerfect, version 6.1 and all final documents have ".dar" as the file extension.

We initially provided a copy of the changes to Mr. Charles Hackney. My letter transmitting this information was dated November 24, 1997 (copy enclosed). There were a number of e-mail messages between Dr. Stephen N. Salomon of the Office of State Programs (OSP) and Mr Craig W. Jones of the DRC (copies enclosed). These messages may help you understand the exchange of information that occurred before we were notified that the OSP has no comments. The e-mail messages were an effective means to address problems and we appreciate Dr. Salomon's review.

If you have questions about these rules, please contact Craig Jones at (801) 536-4250.

Sincerely,

William J. Sinclair, Director
Division of Radiation Control
