Attn: Mr. C. I. Grimes  
One White Flint  
Washington, D. C. 20555

Dear Mr. Grimes:

Plant Hatch employs hundreds of people, many who live in Vidalia. The economic impact of these families in our community is tremendous. Every dollar spent in our community rolls over seven times.

Contributions made by employees of Plant Hatch are numerous. The education level of Hatch employees coupled with their involvement in community activities result in benefits to Vidalia. Hatch employees are involved in civic activities, elected positions, volunteer projects, recreational programs and safety efforts. The safety expertise possessed by Hatch employees enable them to greatly enhance and support local efforts focused on emergency management and organization.

Sincerely,

Ronnie A. Dixon  
Mayor
