**U.S. Nuclear Regulatory Commission  
Document Control Desk  
Attn: Mr. C.I. Grimes  
One White Flint  
Washington, D.C. 20555**

**Ladies and Gentlemen,**

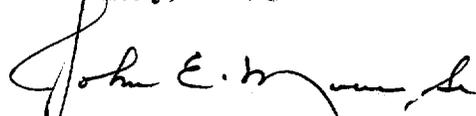

**Southern Nuclear Operating Company recently filed an application with the Nuclear Regulatory Commission requesting that the operating terms for Plant Hatch Units 1 and 2 be extended for an additional twenty years. As Mayor of the City of Lyons, Georgia, I support this request and would like to inform the commission that granting this extension would be looked upon most favorably by my office and this community.**

**Plant Hatch is a good neighbor and an integral part of my city. It provides over 10% of the jobs to our citizens and is a mainstay in the economic prosperity of our city and community. Plant Hatch employees are civic minded and play key leadership roles in the growth of our city.**

**Plant Hatch does an excellent job of keeping our community informed of their status and activities. We trust the management of Plant Hatch to operate the plant safely.**

**Please consider my recommendations as you go through your review process .**

Sincerely,

**John E. Moore, Sr.  
Mayor  
City of Lyons**
