

May 9, 2000

The Honorable Dianne Feinstein  
United States Senate  
Washington, D.C. 20510-0504

Dear Senator Feinstein:

I am responding to your letter of April 18, 2000, to Mr. Dennis K. Rathbun, in which you requested that the U.S. Nuclear Regulatory Commission (NRC) respond to a February 4, 2000, letter from a constituent of yours, David W. Miller. Mr. Miller also sent a similar letter to several NRC officials. Mr. Miller is evidently soliciting interest in a film about the early days of uranium milling. The NRC response, dated March 15, 2000, from John T. Greeves, Director of the Division of Waste Management, points out that the NRC does not comment on movie scripts or proposals for motion pictures; however, we did provide Mr. Miller with information about the NRC's regulation of uranium recovery facilities and environmental releases. A copy of our response to Mr. Miller is enclosed for your convenience.

I trust that this reply responds to your request.

Sincerely,

***/RA by Carl Paperiello Acting For/***

William D. Travers  
Executive Director  
for Operations

Enclosure: Copy of March 15, 2000, letter to Mr. Miller  
from John Greeves
