FOR IMMEDIATE RELEASE

NOTE TO EDITORS:

The Nuclear Regulatory Commission's Special Projects Office staff will meet with officials of Northeast Utilities and Little Harbor Consultants on Tuesday afternoon, July 22. The meeting, which is open to the public for observation only, will begin at 1:00 in the Leland F. Sillin Training Center at the Millstone site.

The purpose of the meeting is to discuss the status of oversight activities by Little Harbor Consultants. NRC ordered Northeast Utilities to hire a consultant to oversee its employee concerns program at Millstone. This is one in a series of status reports from the consultant.
