NOTE TO EDITORS:

The Nuclear Regulatory Commission has received two reports from its Advisory Committee on Nuclear Waste on technical issues. The reports, in the form of letters, provide comments on high-level radioactive waste disposal in geologic repositories and probabilistic risk-assessment methods in the NRC high-level radioactive waste program.

The reports are available through the NRC's Office of Public Affairs, the NRC's Internet Homepage (<http://www.nrc.gov/ACRSACNW>) and the Public Document Room in Washington, D.C. To access the letters on the NRC Internet Homepage use the "search" function to look for "October 31, 1997"
