NOTE TO EDITORS:

A subcommittee meeting of the Nuclear Regulatory Commission's Advisory Committee on Reactor Safeguards (ACRS), originally scheduled for January 20, has been rescheduled for January 21 in Rockville, Maryland.

The meeting, which will be open to public observation, will begin at 8:30 a.m. in Room T-2B3, of the NRC's Two White Flint North Building at 11545 Rockville Pike. The Subcommittee on Human Factors will review the latest version of the Human Performance and Reliability Implementation Plan, status of a technique for human error analysis pilot program, integration of human factors considerations into the inspection process, results of studies that used the Human Performance Events Database, and associated activities.

Other aspects of the meeting, including an opportunity for public comment, will be described in a Notice of Meeting published in a forthcoming edition of the Federal Register.
