Dear Mr. Grimes:

It has come to my attention that Southern Nuclear has filed an application to re-license Plant Hatch. Please know that I support their efforts to be re-licensed. Plant Hatch has been a very valuable member of this community for many years. They play a vital role in the economics of this region. Their many contributions over the years have helped to improve the quality of life of all our citizens. Plant Hatch is truly an asset for this region. Any assistance you can give in helping to grant a favorable response to their application would be appreciated.

Sincerely,

JEFF DAVIS COUNTY
