One White Flint
Washington, DC 20555

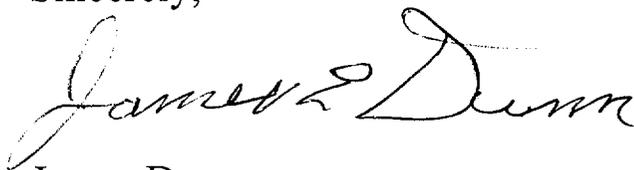

Attention: Chris Grimes

We understand Southern Nuclear Operating Company has filed an application with the NRC to relicense Plant Hatch for 20 additional years. Plant Hatch has been very important to the economic growth in our area.

We believe Plant Hatch is operated in a safe manner and would like to see this request honored.

Thank you for your time and consideration.

Sincerely,

James Dunn
Jeff Davis County Emergency Management
