The Nuclear Regulatory Commission staff will conduct a public workshop for representatives of the Organization of Agreement States on March 5 and 6 in Vancouver, Washington. The workshop will also include individual break-out sessions on NRC's review of the National Academy of Science report on the medical program, industrial radiography and radioactive devices.

The meeting will be held at the Red Lion Inn at the Quay, 100 Columbia Street, from 8:30 a.m. until 5:00 p.m. on March 5, and from 8:30 a.m. until 4:00 p.m. on March 6.
