FOIA/PA REQUEST

Case No: 2000-0226
Date Rec'd: 5-2-00
Action Off: Pugh
Related Case: (1999-0103)

FOIA/PA 99-103 - Incorrect Data Received

Ref.: 1. Letter, James F. Mallay (SPC) to Russell A. Powell (NRC), "Request for Information Under the Freedom of Information Act," NRC:99:004, January 21, 1999.

Ref.: 2. FOIA/PA 99-103, Response 1, April 7, 1999.

The FOIA request submitted by Reference 1 included requested data for FLECHT-SKEWED tests 13609 and 13914. Appendix A of Reference 2 indicates that records 3 and 4 include electronic files for test 13609 and records 5 and 6 include electronic files for test 13914. Comparisons of the data received with the data reported for the two tests in WCAP-9108, "FLECHT Low Flooding Rate Skewed Test Series Data Report," do not agree. Consequently, we request that data for FLECHT-SKEWED tests 13609 and 13914 previously requested be made available to Siemens Power Corporation.

For your examination you will find enclosed a CD that includes a copy of the electronic files previously submitted to SPC that are identified as the FLECHT-SKEWED data requested.

SPC will greatly appreciate your timely response to this request. If you have any questions or if I can be of assistance, please contact me at (509)375-8757.

Very truly yours,

James F. Mallay, Director
Regulatory Affairs
