Subject: Comments Concerning "Draft FY 2000-2005 Strategic Plan"
(65FR11613, dated March 3, 2000)

Dear Sir/Madam:

This letter is being submitted in response to NRC's request for comments concerning "Draft FY 2000-2005 Strategic Plan" that was published in the Federal Register (65FR11613, dated March 3, 2000). The plan provides a blueprint for the NRC to plan, implement, and monitor work needed to achieve its goals.

PECO Energy appreciates the opportunity to comment on the "Draft FY 2000-2005 Strategic Plan." PECO Energy offers the following comments for consideration by the NRC.

Comments:

1. Page 3 of the draft strategic plan provides the proposed "Principles of Good Regulation." Consideration should be given to adding principles involving 'Consistent Enforcement' and 'Technically Knowledgeable Staff.' These additions will further enhance the list of principles provided in the draft.
2. Page 5 of the draft strategic plan appendix states that "The NRC has identified overarching corporate management strategies that help us work better together within and across our strategic arenas..." Providing examples of these overarching strategies would help clarify this section.

If you have any questions, please do not hesitate to contact us.

Very truly yours,
