Mr. Nageswaran Kalyanam
Division of Licensing Project Management
U.S. Nuclear Regulatory Commission
Mail Stop 8 H12
Washington, D.C. 20555-0001

Dear Kaly:

Siemens Power Corporation has announced an organizational change that was effective May 1, 2000. Robin Feuerbacher, who has been Vice President, Engineering, has been named Vice President, Engineering and Manufacturing. The previous Vice President, Manufacturing, Bernie Femreite, has announced his retirement effective June 30, 2000. Mr. Femreite will support this transition in management responsibility during the next two months.

This change will not affect any outstanding commitments SPC has made to the NRC nor any of our working relationships with NRC Staff personnel.

The appropriate personnel in Region IV and in NMSS are also being notified of this change in leadership.

Very truly yours,

James F. Mallay, Director
Regulatory Affairs
