Dear Ms. Kime:

Attached is the amended Sealed Source and Device Certificate No. OH-0104-D-0103-S issued by the State of Ohio for use of the Model N211XXX device (Beacon Non-Uniform Attenuation Correction Device). Specific language was added to paragraph 2 under "LIMITATIONS AND/OR OTHER CONSIDERATIONS OF USE," to clarify who is allowed to perform specific services on the device. Please add this document to the National SS&D Registry as superceding the certificate currently on file.

Thank you for your assistance in this matter.

Sincerely,

Robert E. Owen
Manager of Technical Services
Bureau of Radiation Protection
