Dear Chairmen Tonko and Vann:

In our March 2, 2000, letter which we sent you in lieu of testimony at your hearing on Indian Point 2, we promised to send you a copy of our Augmented Inspection Team (AIT) report. The report is enclosed. The inspection examined the facts concerning the steam generator tube failure at Indian Point 2.

Since our last letter, the NRC has developed a Web page on the Indian Point 2 event (<http://www.nrc.gov/NRC/REACTOR/IP/index.html>). It contains many links to public documents related to the event.

If you have any additional questions, please do not hesitate to call me.

Sincerely,

/RA/

A. Randolph Blough, Director
Division of Reactor Projects
