SUBJECT: 2000 Regulatory Roundtable

Dear Gentlemen:

On June 16, 1999, several of our regulators participated in a Regulatory Roundtable meeting at the West Valley Demonstration Project. The meeting provided a status of the vitrification project and various environmental issues of interest to the attendees. We would like to continue using this as a forum to keep agency management informed of site activities and issues.

We are suggesting the next Roundtable be held June 27, 2000, but are flexible based on your availability. A draft agenda is enclosed for your review and input. Please contact Moira Maloney of my staff regarding your availability and any comments on the agenda or additional information you would like to be covered.

A response by May 19, 2000, would be greatly appreciated. Moira may be reached at (716) 942-4255.

Sincerely,

A handwritten signature in cursive script that reads "Elizabeth James for".

Barbara A. Mazurowski, Director  
West Valley Demonstration Project
